NWFA ANNOUNCES BOARD MEMBERS

The National Wood Flooring Association (NWFA) announced its 2015 Board of Directors at its Wood Flooring Expo in St. Louis. The NWFA’s Board of Directors is the governing body of the NWFA and is responsible for its management and operations. The Board consists of officers and directors, each of whom is voted into office by the NWFA membership. Ex-Officio Directors are appointed to serve one-year terms. The NWFA 2015 Board of Directors includes: Chairman Jeff Fairbanks, Palo Duro Hardwoods Inc., Denver, CO; Vice Chairman Tommy Maxwell, Maxwell Hardwood Flooring, Monticello, AR; Treasurer Chris Zizza, C&R Flooring Inc., Westwood, MA; Secretary Craig Dupra, Installers Warehouse, Rochester, NY; Past Chairman John Lessick, Apex Wood Floors, Downers Grove, IL; and Directors Kevin Murphy, Trinity Hardwood Distributors, Austin, TX; John Woolen, CMH Space Flooring Products Inc., Wadesboro, NC; Julie Russell, Giltsa, A Division of Rudd Company, Seattle, WA; Scott Sandlin, Shaw Industries Inc., Dalton, GA; and Brenda Cashion, Pinnacle Interior Elements, Carrollton, TX.

What moves inventory?
A VACUUM KILN.

"Having the vacuum kiln made us very attractive to small companies. They're getting exactly what they need and when they need it."

"Instead of putting all our profits into inventory, now we can put money into logs or woodlots."

-Larry Lashway, Owner & Vice President of Lashway Lumber

Custom Vacuum Drying from a multi-generational family business.

Treat Hardwood Lumber specializes in 4/4 and 5/4 kiln dried Poplar lumber. It is flat, bright and white in appearance and is processed at our Hardwood concentration yard in Wilkesboro, North Carolina. Our lumber handling equipment and dry kilns are modern. We have the facilities and experience to process the lumber you need.

Our second concentration yard located in Lenoir, North Carolina, also has modern lumber handling equipment and dry kilns. The Lenoir location processes 4/4, 6/4 and 8/4 kiln dried Poplar, along with 4/4 kiln dried White Oak and Hickory. Treat Hardwood Lumber wholesales most Appalachian species in all grades and can offer either green or kiln dried.

BOARDMAN, OR—Collins Upper Columbia Mill located here, the exclusive manufacturer of Pacific Albus® Hardwood lumber, is now producing 1.5 million board feet per month of Alder lumber. Alder is available in 4/4, 5/4, 6/4 and 8/4 thicknesses, kiln-dried and surfaced two sides with a Kimwood abrasive planer. Collins offers the full spectrum of western Hardwood grades from Superior to Economy, including both Premium and Standard Frame. Contact Lee Jimerson for both Alder and Pacific Albus needs.

MCDERMOTT, OH—Taylor Lumber Worldwide Inc., headquartered here, recently announced the addition of Mike Schlegel to its sales team. Schlegel will handle accounts in the central Ohio area.

With more than 20 years of experience in the forest products industry, he is a graduate of the 61st National Hardwood Lumber Association (NHLA) Inspector Training School, in Memphis, TN. Prior to graduating from the NHLA, Schlegel graduated from Paul Smith’s College of Forestry, located in Paul Smiths, NY.

Taylor Lumber Worldwide is a sawmill that specializes in Rift and Quartered lumber.

He and his wife Pat have two children, Caleb and Megan. In his spare time Schlegel enjoys hunting, shooting and fishing.

Taylor Lumber Worldwide Inc. is a member of the National Hardwood Lumber Association, National Wood Flooring Association, Ohio Forestry Association and the Indiana Hardwood Lumbermen’s Association.
